PROFILE

Highly focused Web Developer and Tools Engineer with a passion to learn who leverages excellent communication, interpersonal and logic skills to produce outstanding and creative applications, with an emphasis on functionality and usability.

EXPERIENCE

Web and Tools Engineer
Dire Wolf Digital | Denver, CO | 04/2018-Present

- Create dynamic tools utilized by the engineering department
- Maintain and update the Dire Wolf Digital website as well as Eternal's Twitch Extension, ensuring mobile responsiveness and cross browser compatibility on all projects
- Assisted in creating and continued management of the Merchandise and Eternal Stores, generating high revenue for Dire Wolf Digital
- Utilize Vue.js, Node.js, jQuery, JavaScript, HTML, Sass, CSS, Jenkins, SQL, AWS Lambdas, SSPs, and Scala to create tools and web sites

Web Developer
AffiniPay | Austin, TX | 01/2018 – 04/2018

- Create sales pages and contact forms for AffiniPay, LawPay, and CPACharge
- Utilize jQuery, JavaScript, HTML, CSS, Foundation, and Jekyll to create dynamic, mobile responsive web sites

Web Developer
DigitalMarketer | Austin, TX | 10/2016 – 12/2017

- DigitalMarketer HQ Team Member
  - Create new features in a 500k/month educational platform, including billing, tag, and access features
- Create sales pages and order forms for events, products, and services
- Utilize Ruby on Rails, PHP, jQuery, JavaScript, HTML, CSS, and Bootstrap to create dynamic, mobile responsive web pages
- Assist with features and bug removal on DigitalMarketer Lab, an educational platform with over 9,000 members
- Update legacy code with improved performance and speed ratings

Guest Teacher Assistant
University of Texas Coding Boot Camp | Austin, TX | 4/2016 – 10/2016

- Assisted with instruction in JavaScript, jQuery, and HTML/CSS for the new cohort of students in UT Austin's Coding Boot Camp
- Provided in-classroom help to teachers as well as students, answering questions and fostering their learning, while also reviewing past topics and solidifying my own knowledge

MORE ABOUT ME

- Prior to finding my love as a Web Developer and Tools Engineer, I majored in Radio, Television & Film at the University of Texas in Austin, interning on the TV shows *Battlestar Galactica* and *Party Down*
- I also was a sign language interpreter for over 3 years. I'm still fluent in American Sign Language
- I have a dog named Simon who loves every human he's ever met
